

Why Do A Preacher Like Chicken So - Garry Harrison

Standard C - GDae

Ken Torke

05/28/22

The musical score is written in standard C tuning (GDae) and consists of seven staves of music. It includes various musical notations such as chords (C, G, F, C), accidentals (sharps, naturals), and performance instructions like 'sl' (slide) and 'TAG'. The score is divided into sections A, B, and C, with first and second endings marked. The final staff is a 'TAG' section with a '0 3' fretting instruction.

Last three notes in A part endings could be played straight but G.H plays them as a bluesy slide down right into a side up into the C.

Lots of double stops throughout.
