-Nile doesn't always slide into the F#s in A1 and A5. He also frequently plays the A note flat or even a G#. Rhys Jones plays a G#.
-Nile plays or at least double stops the second A in B7. Rhys just plays that A.
-Nile is variable on the endings. Choice of rhythm and double stops vary for other players. Do what makes you happy.
-Variations for B1 and B2/B6 are from Rhys Jones.
